IT DOESN'T MATTER HOW  
DEMANDING OUR CUSTOMERS ARE,  
**WE ARE EVEN MORE.**

ISTOBAL proudly presents NJOYWASH, a new generation of the most advanced jet washes on the market. A new concept in jet washes designed to satisfy your customers and maximise your profits ... and now also based on the fun aspect of vehicle care. NJOYWASH is a real vehicle SPA!

ISTOBAL has sought perfection in every last detail by designing NJOYWASH, a unique range of jet washes. More efficient and more innovative, it combines state-of-the-art technology with more attractive designs. Jet washes which adapt to the specific needs of each customer, guaranteeing an impeccable finish in the most comfortable and efficient way.

# njoywash

ISTOBAL has developed N'JOYWASH with the aim of guaranteeing you real, tangible advantages. Everything is geared towards making your business a success.

## EFFICIENCY = CUSTOMER LOYALTY = HIGHER EARNINGS

N'JOYWASH gives the user a thoroughly enjoyable experience, and a wash which is effective enough to satisfy even the most demanding customers. An experience your customers will be longing to repeat whenever they need to wash their vehicle. This ability of N'JOYWASH to satisfy will mean sustained growth for your company's profits.

## NEW TECHNOLOGY = REDUCED COSTS = HIGHER EARNINGS

The leading edge technology used on N'JOYWASH guarantees maximum efficiency in the wash of all types of vehicle as well as a significant reduction in the consumption of chemical products, and thus an increase in the profitability of your jet wash.

## LESS MAINTENANCE = LOWER RUNNING COSTS = HIGHER EARNINGS

The new N'JOYWASH concept for jet washes means maintenance is easier, quicker, and only required occasionally, which means major savings on the running costs of the facility. This in turn means better profitability for your business.

## ISTOBAL = MAXIMUM GUARANTEES = HIGHER EARNINGS

Added to this, you are safe in the knowledge that with N'JOYWASH you have all the logistical, technical and commercial support of a solid company like ISTOBAL behind you at all times. A world leader in the wash sector, guaranteeing a major boost to your business.

# PACK

## SHINING FUNCTIONALITY

When space is at a premium, N'JOYWASH offers you the PACK series, developed for 1 bay jet washes, which has all the necessary features to ensure a top quality wash.

Two models are available so that you can choose the one that best suits your needs. With a wide range of optional wash programs, from the most basic to special programs that enable you to get the maximum returns on each wash.

Compact units but great performers. A minimum investment but maximum returns from small spaces. The PACK series guarantees an impeccable clean. The ideal solution when functionality is of the essence.

- Hot wax and polish brush
- Manual dry

 MODULBOX

MODULBOX is a new concept in modular cabinets designed to solve all the space and organisation problems on a wash facility. MODULBOX has been conceived to adapt to the space available making access to the units and maintenance easy.

- Basic MODULBOX cabinet 1x1 m, expandable with modules to up to 4x1 m
- Installation of units to service up to 4 bays, including all water pre-treatments, in a single cabinet.
- Stainless or galvanised steel finish, painted to your specifications

## WATER, THE KEY TO OBTAINING THE BEST WASH

We have all the solutions to give the water you use the quality needed to ensure the success of your facility.

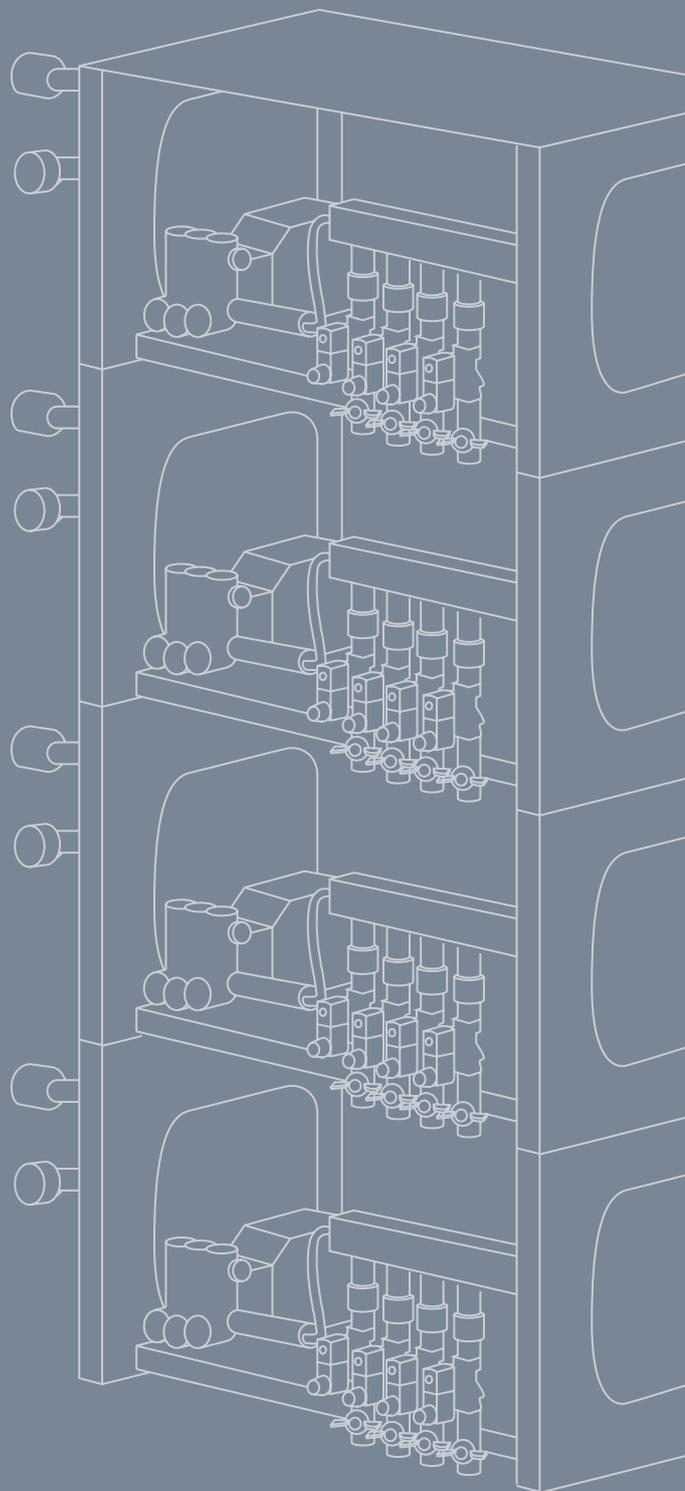

Istobal has a wide range of water treatment units, including the most efficient demineralisers on the market; the new scale preventer dosing units for boilers; or systems for treating the waste water generated by washing vehicles. Units designed and built by Istobal to guarantee a perfect interaction between wash units.

Istobal innovations which are profitable for your business, and which far exceed the expectations of your most environmentally aware customers.

NOTE: Istobal, S.A. reserves the right to undertake any change for products improvement.
